#1 DIAGNOSTIC & REPAIR TOOL
With industry leading bi-directional capabilities

Main Topics: Maintenance for DPF and EGR Venturi, inspecting DPF, DOC, and SCR, and testing DEF quality.

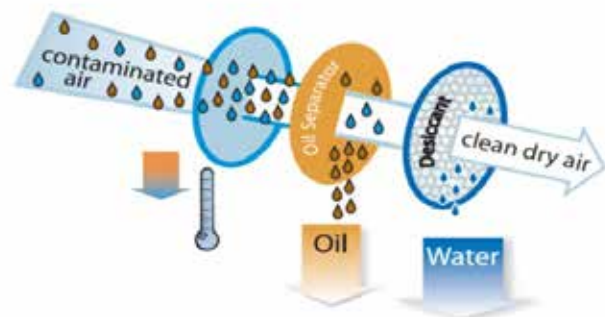

Learn about JPRO and explore its advanced features and industry leading bi-directional capabilities.

Bendix PuraGuard Oil Coalescing Cartridge

- The only filter that separates the oil first, improving the long-term drying performance.
- 40% of new trucks are AMT / automated manual transmission, which have PuraGuard as the OE standard.
- Can be used as a direct replacement on WABCO air dryers with equivalent cartridges.

How do I know if I have an OE PuraGuard?

Even if you can't get a visual on the top of the cartridge, you can reach in and feel the branded medallion with your hand.
